

Flexible Portability for Quick Response

Praxair's Portable, High Performance *PortaFlex 1500 ZX VHP Microbulk Storage System* Keeps Production Flowing

Designed and built for high pressure and high flow applications, Praxair's *PortaFlex* 1500 ZX VHP Microbulk Storage System provides flexible portability to quickly respond to demanding industrial gas applications. Easily transported, the *PortaFlex* 1500 ZX VHP system is rated at flow rates up to 3000 SCFH while sustaining 420-450 psig.

Accurate Pressure Control

Equipped with top and bottom fill, the *PortaFlex* 1500 ZX VHP Microbulk Storage System delivers accurate pressure control during delivery and features an internal ullage tank concept that allows for a ventless, singlehose fill auto shutoff when filled with the *Orca*™ microbulk delivery system.

Safe Portability

The 1500 ZX VHP system features a dedicated metal pallet with durable exterior coating for maximum corrosion resistance. To ensure safe portability, the pallet features forklift slots to protect both plumbing and tank during transportation and application use.

FEATURES	BENEFITS
Quick Response	 Portable design makes it easy to deploy and place to meet unexpected or changing application needs
High Performance	 High flow external aluminum vaporizer and pressure builder system provides up to 3000 SCFH at 420 to 450 psig Dual relief valves and rupture discs with a diverter valve
Small Footprint	■ Vessel and vaporizers are secured to a dedicated metal pallet frame for a smaller footprint
Portable Flexibility	 Easily transportable with a forklift Metal pallet incorporates forklift slots to protect plumbing and tank during transportation and application use

Find out how the PortaFlex 1500 ZX VHP microbulk system can keep your most demanding process running.

PORTAFLEX 1500 ZX VHP

Microbulk Efficiency and Productivity

As part of the Microbulk gas delivery system, the *PortaFlex* 1500 ZX VHP Microbulk Storage System is an on-site, cost-effective solution that ensures an uninterrupted gas supply to increase productivity. And the included telemetry system monitors supply levels and automatically generates orders for on-time deliveries. As a result, product outages are reduced and less time is spent managing inventory and placing orders.

CAPACITY	1500 ZX VHP	
Liquid (Gross) liters	1,550	
Liquid (Net) liters	1,455	
Gas (LIN) ft ³	35,790	
Gas (LOX) ft ³	44,220	
Gas (LAR) ft ³	43,220	
PERFORMANCE		
NER (LIN) % per day	1.0	
Gas Flow (LIN/LOX/LAR)* SCFH	3,000	
DIMENSIONS & PRESSURE RATINGS		
Diameter (cylinder) in	48	
Height (cylinder) in	91	
Base Width (frame) in	61.5	
Base Depth (frame) in	61.5	
Base Height (frame) in	93	
Tare Weight (system) lbs	2775	
Relief Valve Setting psig	500	
*At 450 psig sustained pressure. **Higher flows can be achieved with reduced duty cycles and/or additional vaporization.		

Looking for a start-up system to help determine your monthly gas volume? Praxair's PortaFlex 1500 ZX VHP system is the answer!
