

Quick Changeover Turning Rolls

ProStar™ T Series Rolls

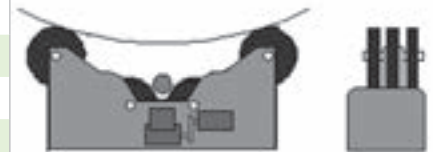

Weld a Wide Range of Sizes With No Wheel Adjustments!

ProStar T Series rollers have a load capacity range of 8,000 pounds to 15,000 pounds. Our PRS8040 and PRS15075 turning rolls are designed to meet the needs of the weld shop that processes a wide range of sizes and diameters. Since there are no wheel adjustments for different diameters, T Series rollers maintain a constant centerline and provide a quick changeover from one size workpiece to another.

SPECIFICATIONS	4 TONS	7-1/2 TONS
TURNING CAPACITY (SYSTEM)	8,000 lbs.	10,000 lbs.
POWER ROLL PART NO.	PRS8040PPR	PRS15075PPR
IDLER ROLL PART NO.	PRS8040PIR	PRS15075PIR
PIPE DIAMETER RANGE	4 in. - 144 in.	3-1/2 in. - 144 in.
FOOTPRINT	58-7/8 in. × 17 in. × 26-11/16 in.	64 in. × 20 in. × 26 in.
